

D180

Contactless mPOS

Contactless, Chip, Magstripe | iOS, Android, Windows | Bluetooth Connectivity | PCI PTS 5.x, SRED | MasterCard Contactless | Visa payWave

PAX's D180 is a compact, stylish and cost-effective wireless mPOS terminal, PCI PTS 5.x certified, which connects to a wide range of Smart Phones, Tablets and PCs. The D180 delivers a seamless transaction experience: easy to use, convenient and fast. Supporting Bluetooth and USB communications, and with Audio functionality, the D180 streamlines your payment business whenever or wherever necessary.

Acquirers and Processors can generate new revenue streams by enabling a whole suite of new Merchant categories to accept card payments. The advanced architecture used inside the D180 helps reduce post-development and maintenance costs.

FEATURES & BENEFITS

Stability & Reliability

- Accepts EMV smart cards, magnetic stripe and contactless transactions
- Stylishly designed for comfort and convenience
- New software architecture to reduce your costs

Flexible Platform

- Compatible with multiple platforms - iOS / Android / Windows
- USB ports for high-speed data transmission
- Supports Bluetooth connectivity
